

POLITICAL  
TELLER SHY  
ONE VOTE.

No Clearing of Situation in Colorado.

Rival Senates Continue to Sit in the Capitol.

Reed Smoot, the Two Platts, Penrose and Hopkins Elected in Respective States.

[BY THE ASSOCIATED PRESS-P.M.] DENVER, Jan. 22.—Both houses of the General Assembly elected United States Senator at noon today, and Henry M. Teller received fifty votes, only one less than is needed to elect. Senator McGuire, a Democrat, refrained from voting, but he subsequently said that he would vote for Teller if it should appear that he could be elected. Only two Republican Senators were in the Senate chamber when the vote for Senator was taken, and they did not respond when their names were called. Soon afterward the nine regular Republican Senators, the two who were expelled by the Democratic majority, and the eight contestants who had been sworn in on the steps of the Capitol last night, assembled in the Senate chamber and formed a separate organization.

Senator Farwell was elected president pro tem; C. E. Hogan, secretary, and Thomas McMahon, sergeant-at-arms, the Senate officers previously chosen being ordered removed. A ballot was then taken for Senator. A resolution was adopted notifying the Governor that the Senate had reorganized, and was ready for business. Subsequently two of the regularly elected Republican Senators, he was called, and Cornforth of El Paso, left the Haggett Senate, and returned to the Senate chamber, where they announced that they would act with the "regular Senate," and would no longer participate in a "farce."

Under the Constitution, Lieut. Gov. Haggett is the "valid officer of the joint session, which is to meet at noon tomorrow to vote for Senator. He will preside today as the regular Senate, and that its vote for Senator should be accepted. The Speaker of the House will then be called upon to decide which Senate shall be recognized as regular. Comparison of the journals will show that no one has been elected Senator. It will then be necessary for the joint session to proceed with balloting until a Senator is chosen.

If the Democratic Senate is recognized and the House remains with its present membership, as seems likely, Senator Teller must be elected. On the contrary, if the Republican Senate is recognized there is likely to be no election, and the balloting will continue indefinitely.

The ballot for United States Senator was taken in the Senate soon after noon. Mr. Teller received 50 votes, the entire number cast. As a Democrat, McGuire of Arapahoe county, was excluded from voting, at his request. Only two Republicans—De Long and Pryor—were present, and they refused to answer to their names. Lieut. Gov. Haggett and all the other Republican members had withdrawn from the chamber before noon, but De Long and Pryor returned back by the sergeant-at-arms when they attempted to follow. Senator Adams, President pro tem, was in the chair when the vote was taken.

The Republican Senators met in Lieut. Gov. Haggett's chamber and balloted for Senator. The vote was as follows: Edward O. Wolcott, 3; Frank C. Goudy, 4; Irving Hoberg, 2; John W. Springer, 1; Jesse Northcott, 1; N. W. Dixon, 1.

The vote in the House for Senator was as follows: Henry M. Teller (Dem.), 50; Edward O. Wolcott (Rep.), 3; Frank C. Goudy (Rep.), 4; Irving Hoberg (Rep.), 2; N. W. Dixon (Rep.), 1.

dicted with the disease in the future, will be contested. The people of the Hawaiian Islands object to this provision for several reasons, principally among which is the fact that the disease seems to be dying out in the islands, and the introduction of additional cases will only serve to keep alive the terrible malady. Another recommendation of the committee which Smith is delegated to oppose is that Congress pass a law making the land laws of the continent forfeit in these islands. Conditions here are such as to warrant the application of the American land laws, the amount of arable lands being extremely limited.

Gov. Dole himself has cabled the President advising against the recommendation of the Congressional committee in this respect.

WORKING FOR STATEHOOD.  
[BY THE ASSOCIATED PRESS-P.M.] PHOENIX (ARIZ.) Jan. 22.—The chief work accomplished in the Legislature today was to put additional pressure on the Statehood Bill now pending in the United States Senate. The California Legislature was asked to support of the bill. Today the same action was taken in respect to the Legislature of Ohio, New York, Illinois, Minnesota, Maryland, New Hampshire, Utah, Wyoming, South Dakota, Missouri, Kentucky, Wisconsin, North Dakota, Washington, Michigan, West Virginia, Nebraska and Indiana.

The usual committees were appointed for the investigation of public institutions.

UNABLE TO DRAG KAISER INTO THE DEBATE.  
SOCIALISTS CALL PRESIDENT OF REICHSTAG A DOG.

He Angers Them by Refusing to Permit any Debate on Remarks Made by the Emperor at Funeral of Gun-maker Krupp.

[BY THE ASSOCIATED PRESS-P.M.] BERLIN, Jan. 22.—[By Atlantic Cable.] There was a stormy scene in the Reichstag today, following an attempt of Herr Vollmar, Socialist, to raise a debate on the charges brought against the late Herr Krupp and Emperor William's telegrams and speeches on the subject. The President of the House declined to permit the discussion, and the Socialists violently protested against this ruling, asserting that he was violating the rights of the Reichstag.

The ground on which the President refused to allow the debate was that it was out of order to discuss a private person while debating the budget. The President interposed several times to prevent Herr Vollmar from continuing his remarks. The Socialists replied the President referred to him as a "miserable dog."

Herr Vollmar insisted that he had the right to discuss Emperor William's speech on the Krupp affair, but the President resolutely excluded any such discussion, deciding that the Emperor's expressions of opinion or sympathy following Herr Krupp's death belonged to the Emperor's private life. Herr Vollmar remarked that Emperor William's speeches were printed in the official Reichsmessenger, and hence it could be discussed. He declared that the Emperor's words were not private, but public, and that the President's refusal to permit the discussion was a violation of the rights of the Reichstag.

A special rule for the consideration of the Philippine Bill was then passed by Mr. Dole. It provided for five hours of debate on the bill, agreed to with the understanding that it would temporarily displace the Alaska Delegation. Mr. Dole had been made the order for tomorrow.

In this juncture Mr. Bartholdt of Missouri wrote a question of personal explanation, to deny his connection with what he termed a "Quixotic name." It had been reported that Mr. Bartholdt was going to call a meeting of German-American citizens to protest against the ill-considered utterances against Germany. Mr. Bartholdt explained that he had no such purpose, but said he had received a number of letters from German-Americans suggesting such a conference for the purpose of emphasizing the fact that the old-time friendship between the United States and Germany was not broken, and to the heart of every German in this country.

House then took up the Philippine Currency Bill. Mr. Cooper of Wisconsin, chairman of the Insular Affairs Committee, entered upon an explanation of the measure, and he concluded when the House, at 5:05 o'clock p.m., adjourned.

POSTOFFICE APPROPRIATION.  
INCREASE OVER THE LAW.  
[BY THE ASSOCIATED PRESS-P.M.] WASHINGTON, Jan. 22.—The Postoffice Appropriation Bill, as accepted by the House committee, carries \$153,430,048, against \$138,148,548 under the law. The estimate was \$153,010,520.

The principal items in the bill are as follows: Railway mail service, \$38,242,000, or about \$2,000,000 over the current appropriation; rural free delivery, \$12,618,308, which is \$5,000,100 more than the current appropriation. The sum of \$800,000 is appropriated for pneumatic-tube service. The same subsidies as provided last year are continued by the new bill.

The funeral service was impressive, and the great concourse was deeply and manifestly affected. A large part of the assemblage at the church accompanied the body to the cemetery.

The funeral has been the single incident of the day connected with the tragedy. Col. Tilman has made no statement, and his friends remain silent. A rumor that he intended to resign or had resigned was entirely without foundation. Col. John T. Sloan, with Gov. Heyward, will be inaugurated at noon tomorrow.

AGRICULTURAL BILL.  
WASHINGTON, Jan. 22.—The House Committee on Agriculture today reported the Agricultural Appropriation Bill. It carries \$5,238,000, an increase of \$29,000 over the last appropriation and \$400,000 less than the estimates. An increase of \$40,000 is allotted the Bureau of Animal Industry to enable the Secretary to enlarge quarantine stations and to carry out the provisions of the Quarantine Act. The appropriation for irrigation investigation is \$25,000, against \$40,000, the current appropriation.

The report and the reduction is due to the fact that the experiments have been so thorough that a continuance of so large an appropriation is unnecessary. Provision is made for an assistant of the Weather Bureau.

To Cure a Cold in a Day.  
Take Laxative Broom Quinine Tablets. All drugstores refund money if it fails to cure. Dr. W. Grove's signature is on each box, 25c.

PITH OF NEWS FROM  
THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Jan. 22.—[Exclusive Dispatch.] According to the weather bureau, Chicago now lies between two storm centers, and should either move this way, the city will get snow. The skies today were clear, and the temperature ranged from 21 deg. at 4 o'clock a.m., to 34 deg. at 3 p.m. A drop to 10 deg. above zero was predicted for tomorrow. Moderate temperatures were general throughout the Middle West, except in Minnesota and the Dakotas. At Moorhead, Minn., it was 4 deg. below zero. Temperatures at 7 a.m.: New York, 20; Boston, 12; Philadelphia, 20; Washington, 20; Chicago, 22; Minneapolis, 18; Cincinnati, 24; St. Louis, 22.

MRS. ARMOUR COMING.  
Mrs. Ogden Armour will leave town the last of the month to join Mr. Armour in California.

THREE WEDDINGS.  
Miss Mary Thompson, daughter of Col. and Mrs. Richard S. Thompson was married at St. Paul's Episcopal Church to George Kenneth Sage.

At Oak Park, Miss Grace Ross, daughter of Mr. and Mrs. J. D. Ross, became the bride of W. A. Morry.

Miss Bertha Friedman, daughter of Mr. and Mrs. Isaac Friedman, and Harry Graff had a double wedding. Rev. Dr. J. H. Hirsch officiated at the Hebrew ritual, and Dr. Emil G. Hirsch the English one.

ARMY OF CONVERTS.  
One million five hundred thousand converts have been made by the Methodist Episcopal church during the two years of the twentieth century thanksgiving movement. This announcement will be made in the Northeastern Christian Advocate tomorrow, the figures being based on reports of the probationers admitted to the church.

AT ALBUQUERQUE.  
[BY DIRECT WIRE TO THE TIMES.] ALBUQUERQUE (N.M.) Jan. 22.—[Exclusive Dispatch.] A case of smallpox has been discovered at the County Almshouse. Many persons have been exposed.

JUDGE TAYLOR VERY ILL.  
[BY DIRECT WIRE TO THE TIMES.] PORT WATNE (IND.) Jan. 22.—[Exclusive Dispatch.] Judge Robert S. Taylor, a member of the Mississippi River Commission and a leading lawyer of Indiana, is critically ill at Boston. He was called there in connection with the telephone patent litigation before he recovered from the shock of a fall which broke a rib on the left side. He is suffering from nervous prostration and heart disease.

POLICE TO SUE PREACHER.  
[BY DIRECT WIRE TO THE TIMES.] TOPEKA, Kan., Jan. 22.—[Exclusive Dispatch.] Rev. J. T. McFarland of the First Methodist Church, who recently defended Carrie Nation and was fined \$100 for contempt because he denounced the court, will be sued by the police force for slander. Sunday night, in his pulpit, he charged the city guards with gambling, drinking and being in league with the criminal classes.

GRAIN DEAL CASE.  
[BY DIRECT WIRE TO THE TIMES.] CHICAGO (ILL.) Jan. 22.—[Exclusive Dispatch.] George H. Phillips of Chicago began suit today against W. H. Smith for \$1500 owing to him on grain deals. Phillips not long ago was awarded \$200,000 against W. C. Blair of this county, and intends to sue all those who refuse to settle.

APPOINTED JUDGE.  
[BY DIRECT WIRE TO THE TIMES.] SPRINGFIELD (ILL.) Jan. 22.—[Exclusive Dispatch.] Gov. Yates today announced the appointment of Solomon W. Philbrick of Champaign as Circuit Judge.

FREE EXHIBIT—  
Of San Joaquin Valley Products  
From San Joaquin, Stanislaus, Merced, Madera, Tulare, Kings and Kern Counties. You will find this exhibit most pleasant and instructive place to visit. Open 9 a.m. to 6 p.m.; Saturdays 9 p.m.

BOILER EXPLOSION IN ENGLAND.

LONDON, Jan. 22.—A boiler explosion in Tupper's iron works at Bolton, England, today resulted in the killing of five persons and the injury of twenty or thirty by steam and pieces of flying metal.

Jay Lahmer, manager of the Dr. Scott Soap Company, St. Louis, Mo., is dead. He was shot accidentally while walking from a car at High and Franklin streets, by whom is not known.

PURCHASERS' ASSOCIATION.  
[BY DIRECT WIRE TO THE TIMES.] ELKHART (IND.) Jan. 22.—[Exclusive Dispatch.] Indiana and Michigan merchants have organized the Tri-State Purchasers' Association. Every quarter, each member lists the goods wanted, throwing the wants of the combined membership into bulk. The specifications are sent to Chicago, New

York and Philadelphia, and the lowest bidders get the business of the association. It is claimed that the wholesalers can sell cheaper on this plan, the expense of traveling salesmen being eliminated, the sales being in larger quantities, and freight rates smaller.

WIN THE PACIFIC SLOPE LOS ANGELES THEIR CHOICE

Assessors Prefer This City Sacramento.

Decide to Hold the Next Convention in December.

Valuables Stolen of Late Fair-La Gazeta Woman.

Concluded of Bigamy.

San Francisco, Jan. 22.—[Exclusive Dispatch.] At the State convention of county assessors today, on recommendation of the Committee on Permanent Organization it was agreed to form an organization to be called "Assessors' Association of the State of California." It was then decided to select the next place of meeting, a considerable interest was manifested in the balloting, which resulted in Sacramento getting eleven votes, but as it was not a majority, another ballot was ordered.

All other cities being withdrawn, Los Angeles was selected, Sacramento receiving sixteen votes, Sacramento receiving eleven votes. Los Angeles was the unanimous choice, and the second Monday in December was the date fixed for the meeting.

NEW MEDICAL THEORY.  
ADVANCED BY DR. ATKINS.  
[BY THE ASSOCIATED PRESS-P.M.] SAN FRANCISCO, Jan. 22.—Dr. A. J. Atkins, lecturer on the California Medical College, in a recent paper read before the San Francisco County Society of Physicians and Surgeons, before a large audience, conducted by him have demonstrated that it is electricity, not oxygen, which purifies the blood in the lungs.

Dr. Atkins says that no oxygen passes through the membrane of the lungs, but that the blood is purified by the action of electricity, which is produced by the action of the lungs. He has discovered that the action which takes place in the lungs is a breathing, electric current. Nitrogen and oxygen of air coming in contact with the secreted carbon, produce a current, which is the electric current. These pass through the membrane of the air cells into the blood stream, renewing the blood, and changing the color of the blood from a venous to an arterial, also causing the rhythmic action of the heart, thus showing the lungs to be the important center of life.

The theory advocated by Dr. Atkins is that the oxygen of the blood comes from the food we eat and the water we drink, and must be refined by the action of electricity before it can be made in solution and enter the blood. He claims that a certain percentage of the blood is composed of electric currents, and that the electric current is the cause of the blood's color, and that the blood's color is the cause of the blood's color.

He has discovered that the action which takes place in the lungs is a breathing, electric current. Nitrogen and oxygen of air coming in contact with the secreted carbon, produce a current, which is the electric current. These pass through the membrane of the air cells into the blood stream, renewing the blood, and changing the color of the blood from a venous to an arterial, also causing the rhythmic action of the heart, thus showing the lungs to be the important center of life.

The theory advocated by Dr. Atkins is that the oxygen of the blood comes from the food we eat and the water we drink, and must be refined by the action of electricity before it can be made in solution and enter the blood. He claims that a certain percentage of the blood is composed of electric currents, and that the electric current is the cause of the blood's color, and that the blood's color is the cause of the blood's color.

Dr. Atkins says

SACRAMENTO  
RELUCTANT  
REFORMERS.Legislators are Struggling  
With Themselves.They Make Some Concessions to  
Watchdogs of Treasury.Illegal Appointments by Gage—  
Senate Turns Down State-  
hood Resolution.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 22.—[Exclusive Dispatch.] Although the Republican majority in the Assembly refused today to accept the plan for abolition of the biennial junketing scandal proposed by Assemblyman Brown of San Mateo, it was obliged to modify what would otherwise have been a repetition of the pernicious system so long in vogue by means of which many a member has been enabled to pay his campaign expenses out of what money he secured as profit on needless trips taken at the expense of the State. The fight is not over by any means, and inasmuch as a two-thirds vote is required to carry the numerous junketing resolutions which have been prepared, there is reason to believe that before they are adopted they will have to be modified so as to result in a still greater saving to the State.

Brown's resolution took all the time of the session made by a special committee composed of delegations from the various standing committees came up this morning as a special order of business, and precipitated the first real lively fight of the session. Reading from the journal of the last session, the resolution which showed that a total of \$1,430 had been expended by the committees on mileage alone, two years ago, for trips of inspection to various State institutions. Some of the committees which participated in the expenses for the inspection of funds never had under consideration a bill which carried an appropriation. To inspect the Southern California institutions cost the State \$600. He showed that if his resolution were adopted the total cost for the inspection of all the State institutions in Southern California would be not more than \$100, making a saving to the State of more than \$500. For an hour the resolution was debated, pro and con, and finally Assemblyman Carter of Los Angeles, who, during the session, will probably be on one of the committees to visit the institutions, moved to lay the resolution on the table. The motion prevailed by a vote of 43 to 30.

Then Barnes of San Diego, who has a bill for a big appropriation for the San Diego State Normal School, which has little chance of final passage, presented a resolution instructing the Committee on Public Buildings and Grounds to visit the various institutions throughout the Commonwealth on the same old plan of the State paying the expense. Action on this resolution was postponed until tomorrow, and meantime a caucus of the Republicans called.

In caucus the whole matter was thrashed out, and it was seen that many of the members had hailed their appointment as members of certain committees with joy, because of the possibility it gave for junketing trips. The caucus was almost bitter for a time, but it was finally decided that whenever a committee desired to visit a State institution there shall be no substitution of other members, and no attaches shall accompany them. The question of whether actual or only necessary expenses of mileage shall be paid was left open.

Tomorrow there will be a flood of resolutions for junketing trips, but an effort will be made to bunch all of them in order that it may be shown that the cost to the State will be, and then the shooting fight probably be made upon the whole system. It may not be possible for those who desired to make the trip to secure 40 votes, as the action of the caucus makes it impossible for any but members of some of the committees to thus secure hundreds of dollars' expense from the State, shutting out their less fortunate fellow-members who must depend only upon their regular pay. The only action taken in the Senate today with reference to the reform measure which was adopted yesterday by the Senate was the passing of a resolution which calls for a full investigation of the attached scandal by the naming of the special committee to conduct the investigation. Lieut.-Gov. Anderson and Knowland, Caldwell and Plunk.

to make the inquiry. It is understood that within a few days a resolution will be introduced in the Senate providing for an investigation of the \$100,000 which the last Legislature gave into the hands of Gage as a fund with which to prevent the spread of disease throughout the State. It was known as the plague fund, and was voted for by more than one member only because it was known that Gage would veto almost any measure submitted by those who refused to do his bidding. In his last message, Gage announced that only about one-fourth of the fund remained in the State treasury. Now certain members of the Senate want to know how, approximately, \$75,000 was expended.

For political reasons some of the Republicans who oppose Gage do not desire to have such a resolution introduced on the principle that it would not be advisable for the party to wash its own linen publicly, but others have asserted that if that money was used to pay political debts, and was thereby wasted, the public should know it, no matter who is hurt.

Despite the fact that Gov. Pardee has not given an intimation since the action of the health conference in Washington, indicating what he will do, it is generally understood that having indicated just such a report, he has long had his plans prepared to act promptly, and with vigor. Probably the first step will be to request the Legislature for sufficient financial support to enable him to take the necessary measures, and as soon as he asks for an appropriation, the Legislature will give it to him. He will not seek to have the fund placed in his hands in such manner that no report will be made of what was done with them, as was the case with Gage's plague fund, but following the open and candid poli-

which he sent in are illegal, and it will therefore be unnecessary for the Senate to take the trouble of refusing confirmation. The names will be withdrawn by Gov. Pardee and others substituted.

The appointees who will thus be deprived of the honor of serving the State are John S. Collins of Ventura, H. C. Brown of Santa Clara and W. W. Marston of San Francisco. In one of his last messages Gage sent in the names of these appointees as trustees of the State Normal School at Chico. What he intended was to appoint Collins trustee of the Los Angeles State Normal School, and the other two for the Normal School at San Jose. Of course the official message to the Senate is all that can be considered by that body, and it will not be possible to amend or correct the message. To confirm all of them as trustees of the Chico school would give that institution too large a quota of trustees.

This mistake relieves the new Governor of the rather unpleasant task of removing Collins. During the campaign, owing to a fight against Pardee which his brother made in Oakland, Collins is said to have supported Lane. He was a Gage partisan and it was understood that his appointment to the empty honor of a trustee of a State Normal School was his reward, although it must have been known to Gage that Collins did not support Pardee, even after the State convention.

## CALIFORNIA LEGISLATURE.

THIRTY-FIFTH SESSION.

(BY THE ASSOCIATED PRESS—A.M.)

SACRAMENTO, Jan. 22.—[SENATE.] The special order in the Senate this morning was the consideration of the Senate's resolution in favor of the Omnibus Statehood Bill. In anticipation of an interesting debate, there was a large number of visitors in the lobby. Sanford, who, was a speaker in the history of the bill, and outlined the reasons why the States seeking entrance into the Union should be admitted.

Rowell spoke against the bill, which he declared would not benefit California. Shortridge spoke for the resolution. Tyrrell said that he also favored Sanford's measure.

The resolution was lost by a vote of 28 to 17.

By a vote of 23 to 9 a resolution was adopted granting that a committee be granted a week's leave of absence to visit the State School at Whittier, the Normal School at Los Angeles, the State Hospital at Patton, the Normal School at San Francisco, the Normal School and quarantine station at San Diego.

The committee will consist of Senators Tyrrell, Nevada and Knowland of the Committee on Prisons; Rowell, California and San Jose of the Finance, Lardner and Tyrrell of San Francisco, Committee on Health and Caldwell.

Lieut.-Gov. Anderson appointed the following committee to act on the omnibus resolution, looking to the admission of the attached states: Senators Knowland, Caldwell and Plunkett.

The following are among the bills introduced:

First—Relating to an appropriation by Congress for the purchase of the Nacimiento ranch in San Luis and Monterey counties for a military camp.

Second—Add a new section to the Penal Code relating to the commission of the marketing and manufacturing of counterfeit money.

Third—Appropriating \$150,000 for a California exhibit at the Louisiana Purchase Exposition.

(BY THE ASSOCIATED PRESS—A.M.)

SACRAMENTO, Jan. 22.—When the Assembly met this morning at 10:15 o'clock, Speaker Fisk announced that he had received the papers in the legislative election case of Sevey vs. Lewis of San Francisco. Reports were received from the following committees: Judiciary—That Assembly Bill No. 8, changing the names of certain persons, be passed as the act was referred to be unconstitutional; that bill 14, relating to mortgages on personal property, be passed; that bill 5, relating to property exempt from taxation, be passed.

Committee on State Hospitals—That bill relating to the powers of the State Lunacy Commission, be passed; that bill 42, appropriating \$116,000 for a central ward building at the Southern California State Hospital, be passed; that bill 47, appropriating \$10,000 for a laundry building and water supply at the Southern California State Hospital, be passed; that bill 48, appropriating \$15,000 for additional lands at the Mendocino State Hospital, be passed.

Committee on Swamp and Overflow Lands—Bill 10, relating to the Mormon

Channel, be referred to Ways and Means Committee.

Labor and Capital—That bill 189, providing seats for women in factories, be passed.

The special committee on ex-Gov. Gage's message, which was headed by chairman, tendered their report, referring the subject matter in the message to the proper committee. The report was passed to print without a reading.

The following are the more important bills introduced:

Holmes—Appropriating \$10,000 for a police-patrol boat for the San Francisco water front.

Murphy—Making it a misdemeanor for any employer to discharge an employee for belonging to a union.

McMartin—Providing a penalty for dealing in options.

Postor—Providing for the organizing and uniforming of bands in the National Guard.

The resolution of Assemblyman Brown, introduced at yesterday's session, in an introduction by Barnes, committee of thirteen, made up of members of several standing committees, visit all of the Southern California institutions at one time, was taken up as a special order.

Brown stated that the bill was presented for the purpose of providing junketing trips, which he declared had robbed the taxpayers of the State at the last session.

Walsh concurred in Brown's views, and said that junketing trips were merely petty-larceny subterfuges to reimburse the election expenses of the members who participated in them.

Assemblyman Trator opposed the Brown resolution, and declared that the money which would be saved by combining special trips of inspection would be false economy. He declared that each legislator should be paid by separate committees, as in many cases hundreds of thousands of dollars are involved.

Assemblyman Greer spoke against the resolution. Assemblyman Waste also spoke against the resolution, which he declared was a waste of money.

Assemblyman Trator moved to lay on the table. A roll call was demanded, which resulted in Carter's motion carrying by a vote of 43 to 30.

Directly upon the announcement of the defeat of the Brown resolution, a resolution was introduced by the Committee on Public Buildings and Grounds to authorize the visit to the various State institutions. It was a special order for tomorrow morning.

The Assembly took an adjournment for the purpose of holding a caucus to determine what junketing trips are to be taken.

COMMITTEE MEETING.

ACTION ON PROPOSED LAWS.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, Jan. 22.—The Senate today considered the bill providing State aid for high schools was considered at length by the Senate Committee on Education this afternoon. The bill is reported in committee on the 11th of January, and is considered most carefully. One of the questions is the question as to whether pupils in one district where there is no high school may attend a school in another district, or whether the idea of the committee is to prevent one school district from enjoying the privileges for which the taxpayers in another district are paying.

Each party will meet again tomorrow.

At the meeting today the Senate took up the bill to amend the mostard-Coggins election contest the question arose as to whether the committee had authority to send for the ballots now in the custody of the county officials concerned, and further action was deferred until Senator Curtin could look up the law in regard to the matter.

It has not been decided by the committee as yet as to whether it will count the ballots.

The Senate Committee on Labor and Capital considered the French bill, providing for the licensing of stationary engines, and many of the members who are within the jurisdiction of the bill provided for a commission of three members. All the engineers in the State will be licensed if the bill becomes a law, and payment of \$5. It is demanded that the bill be referred to the committee immediately taken up by the committee will probably report favorably on these cars.

The Senate Committee on Education recommended the passage of Senate bill providing for the expenditure of \$25,000 for the building at the Chico State Normal School.

The Committee on Municipal Corporations today considered the bill providing for the consolidation of income and expenditure and adjourned to meet again tomorrow, when the special order of the day, relating to the consideration of the Los Angeles charter, will be taken up.

The Assembly Committee on Prisons and Reforms organized, but did not take any of the bills before it. It has considered the bill relating to the Pullman road, for it is still heavily, and likely to telescope or go on top of the day's calendar.

There is the "smoker," and how often its occupants have been lucky if they escaped death.

One political effect of the "smoker," is the lightest car in the train. You don't have to be an expert to discover this. It is generally at the head end of the train, and the car is the most comfortable between it and the engine. In case of a collision there can be but one result.

That car is bound to offer the least resistance, and will be crushed more or less between the heavier cars in proportion to the force of the impact.

Mail and baggage cars, however, in all other respects get the worst of the collision. The car is a wreck, but the former are of better construction than formerly.

There is still room for improvement on the part of the strikers, whose number was increased by men from Iron Mountain. The strike leaders say order must be maintained or the strike will be declared off. The union men say that the company will be unable to secure men enough to man the furnaces.

THE VOLUME OF WATER FLOWING out of the south end of the Simplot under the Alps is over 15,000 gallons per minute, and furnishes motive power for the electric work of the press the air by which the drills are operated.

Some New York "funny man" will be stranded in London. The Daily Telegraph says that a Chicago man, who has been in London for some time, has been stranded there by the strike of the Pullman road, for it is still heavily, and likely to telescope or go on top of the day's calendar.

the Finance Committee of the House and the Ways and Means Committee of the Senate which will hold a joint session tomorrow to consider a large representation of the committee appointed in San Francisco to arrange for the next G.A.R. encampment will arrive in this city tomorrow afternoon. The special business scheduled to come up before the committee is the bill providing for the appropriation of \$25,000 asked by the old soldiers to help defray the expenses of the encampment.

CHARTER AMENDMENTS.

EARLY RATIFICATION LIKELY.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 22.—[Exclusive Dispatch.] It is believed that the amendments to the city charter of Los Angeles will have been ratified within a week by both houses of the Legislature, and as soon as that action is taken, and an official notification is sent to Los Angeles, the new system of municipal government will at once become effective. There has been a decided change in the attitude of the Los Angeles members with reference to this matter, and where before they could not say what would be done, all of them are now working hard to secure early action by the Legislature.

The Senate Committee on Municipal Corporations this afternoon unanimously decided that they will, tomorrow, report the concurrent resolution back to the Senate with the recommendation that it be adopted. This, it is believed, will settle the matter so far as the upper house is concerned, and with the assistance of the several Los Angeles members of that body, early consideration of the measure is almost assured.

The concurrent resolution of the Assembly met this afternoon, and made the consideration of the Los Angeles charter amendments a special order of business for tomorrow evening.

**KENILWORTH WENT ON.**  
INTERESTING OAKLAND RACES.  
BY THE ASSOCIATED PRESS-P.M.

**NEW ORLEANS, Jan. 20.**—Kenilworth, in the six-furlong handicap at Oakland today, took up 127 pounds, and after Money Muzz and Sylvia Talbot had set the pace, went on and won easily in the fast time of 1:12. Money Muzz was favorite, but there was a strong play on Kenilworth at post time. Burns was accorded an ovation for his clever ride. Erander, who took the first place, was the only favorite to win during the afternoon. Katie Walcott scored again in the mile-and-an-eighth race, Holman was in good form, sending the field, in nine alignments. The weather was cloudy and the track fast.

**NEW ORLEANS, Jan. 20.**—(Exclusive Dispatch.) President Thomas Hickey of the American Baseball Association has been asked to go out to California to see the situation in getting the California League to join the minor league association. The request came from Manager Morley of Los Angeles in the form of a telegram. Hickey has not yet decided to go, as he feels that it will be unable to spare the time for the duties of his own league. He is expected to visit President Powers to that effect and that official is urging him to go.

**NEW ORLEANS, Jan. 20.**—(Exclusive Dispatch.) President Thomas Hickey of the American Baseball Association has been asked to go out to California to see the situation in getting the California League to join the minor league association. The request came from Manager Morley of Los Angeles in the form of a telegram. Hickey has not yet decided to go, as he feels that it will be unable to spare the time for the duties of his own league. He is expected to visit President Powers to that effect and that official is urging him to go.

**NEW ORLEANS, Jan. 20.**—(Exclusive Dispatch.) President Thomas Hickey of the American Baseball Association has been asked to go out to California to see the situation in getting the California League to join the minor league association. The request came from Manager Morley of Los Angeles in the form of a telegram. Hickey has not yet decided to go, as he feels that it will be unable to spare the time for the duties of his own league. He is expected to visit President Powers to that effect and that official is urging him to go.

**COLLEGIUMS BEAT PASADENANS.**  
On the Coliseum alleys last night the Coliseum team defeated the Pasadena team three straight games, by the following score:

**OAKS AND OWLS.**  
The Oaks beat the Owls two games out of three on the Oaks alleys by the following score:

**U. S. C. ATHLETICS.**  
**ONLY INTER-CLASS WARM-UPS.**  
The field contest of the junior and sophomore classes against the senior and junior classes of the University of Southern California, held on the campus yesterday afternoon, was scarcely an exhibition of college athletics. There was little close rivalry, some of the athletes admitting defeat without trying against the record made by their preceding competitor. It was intended that the inter-class games should show what new material was available for the intercollegiate field day, but very few of those who were expected to participate in the event were present. The only event contested yesterday was a 400-yard race, in which the students of the university, and these did not participate yesterday. The only event contested yesterday was a 400-yard race, in which the students of the university, and these did not participate yesterday.

## THE CITY IN BRIEF.

## NEWS AND BUSINESS.

## Big Eagle Coming.

The Curly Smith of Spokane, Grand President of the Eagles, who is making a tour of the Coast, will be in Los Angeles Monday next, according to the local press.

Theodore W. Gosard, formerly proprietor of the Pomona saloon, No. 22 North Los Angeles street, says that he had no interest in the place last week when G. Casiano was robbed of \$150 in a back room by a woman.

"Burns night" will be celebrated Thursday evening at No. 1304 South Spring street by British residents and admirers of the Scottish bard. The programme will include selections from the songs and poetry of Burns.

Frederick Ward, the actor, who was reported yesterday seriously ill at his quarters in the Church of the Angels, said last night not to be a very sick man. He has contracted a heavy cold, which has confined him to his room. In formation at the hotel was to the effect that he was improving.

A high mass de requiem was sung by the Rev. Bishop Peter Verger in the Church of the Angels, Saturday morning, for the repose of the soul of the late Frank Leconteur. An anniversary requiem high mass was also celebrated at the Cathedral of St. Vibiana at the same time.

Dr. P. A. Hintz of Milwaukee, Wis., State Treasurer of the Wisconsin Catholic Knights and a prominent member of the Knights of Columbus in that State, has been in Los Angeles the past week, called here by the illness and death of his son-in-law, George W. Webster of Chicago, who was journeying here.

W. J. Blanchard, who lives on South Los Angeles street, was thrown from his buggy while trying to curb an unmanageable horse near Ninth and Main streets, yesterday afternoon. Two ribs were fractured, and his left hip was dislocated in the fall. He was treated at the Receiving Hospital, and was later removed to the County Hospital.

Stephen Ferrero, said to be one of the two bunco men who, three weeks ago, lin-box switching swindled Giovanni Pirri, an Italian bootblack on North Main street, out of \$500, the savings of many years, was arrested in San Francisco last night, and is being held for local officers. The grafter worked the old lin-box game on Pirri, who was easy money.

J. M. Gibson, who lives at No. 408 Temple street, reported to the police yesterday that a burglar had entered his bedroom during his absence the night before and stolen \$20. Entrance was made by unlocking the door. The thief rummaged the room and finally selected a pair of trousers, which he carried out into the back yard and rifled of the money.

The Christian Endeavorers of the First Congregational Church are anticipating a lot of fun Friday evening at the seventy-seventh grand annual "Podunk County Fair," to be brought off at the residence of Rev. J. H. Harwood, No. 80 Ingraham place. A "mammoth exhibit of Podunk products" is promised, together with many wonderful attractions in "home-made, prize stock, and prize poultry."

Suit for condemnation of certain land on Point Dume, above Santa Monica, which the government seeks to acquire from Frederick B. Rindge, for light-house purposes, was begun yesterday in the United States Circuit Court. It has been decided that Point Dume is a very dangerous place to the ships that pass in the night, and that a bright light must soon cast its beams therefrom; so the Federal jury composed of some of the representative business men of the city has been gathered to decide whether Uncle Sam must pay Mr. Rindge for the sea gift promontory.

Felice Fancier Here. Mrs. Leland Norton of Chicago, who is one of the first "cat experts" of the United States, has been in Los Angeles the past few weeks, inspecting the kennels of local tabby lovers. Mrs. Norton finds many fine cats here, especially of the Persian species. She is very enthusiastic over Los Angeles possibilities generally, and is appreciative of the warm-blooded western hospitality. Mrs. Norton owns the Draxel kennel, in Chicago, and in them has about a dozen fine pedigree pussies. One of these is "Royal Norton," who is valued at the record-breaking price of \$2000, and another is the male tortoiseshell "Robin Hood," the only one of its kind in the world.

John Ramos, a Mexican, was arrested yesterday on a charge of burglary, and his crimes are said to be very numerous. Friday night P. Pletache's jewelry store on Commercial street was broken into, and numerous cheap rings and watches were stolen. Then the burglar broke into Crane & Co.'s wholesale hardware store on North Los Angeles street and took some choice stock. From here he went to Blake, Moffitt & Towne's store on South Los Angeles street, and stole several coats and a knife. Other places were entered, also, on the same night. Proprietors of the second-hand stores where the goods were recovered, say Ramos pawned them.

Frederick C. Little, western representative of McClure's Magazine, an all-around sportsman, has returned from a fishing excursion at Catalina. Mr. Little says he has fished in the lakes of the north and the noted fishing places of the Eastern States but has never seen anything to equal Santa Catalina. Along with a boatman he dropped his line a few miles off Seal Rocks, and soon drew in a twenty-two-pound albino. When the boat began flopping up and down, and disengaged over a dozen anchovies, which Mr. Little used for bait, and with which he caught three more albino, weighing 22, 25 and 30 pounds respectively, making his catch an even 100 pounds in two hours.

An unusually close assortment of nondescript hobos, six in number, found their way to police headquarters yesterday afternoon in care of an officer and the "hurry-up" wagon. Among them was one understood, scum-eyed, crooked-jawed, ragged Scotchman of the name of James MacAllister and the age of 30 summers. While the bunch was waiting orders in front of the booking desk, James walked sedately down the corridor and disappeared into the streets. Capt. Hensley was lounging at the station door. The ragged Scot walked past him with the air of a regular citizen, and then somebody raised the hue and cry, and Officers Arguello and Henderson put toes toward the fugitive's heels. Out First to Hill street, Henderson followed, and fell upon James as that name MacAllister was making tracks for the south. The long, lank,

copper and the short, wizened "bo" rolled over in the street together. The next time Henderson caught up was about four minutes later on Broadway, where, on the inside steps of the Yosemite lodging-house, the Scot surrendered to the law. Panting, he brought James back to jail. "Ah, was just ab-takin' my customary afternoon exercise," was the scum-eyed one's blase explanation.

**BREVITIES.**  
Children's Hospital Reception.—The board of managers of the Children's Hospital will hold their annual reception at the Woman's Club House on Saturday afternoon from 3 to 5 o'clock. The arrival of a very sick child makes it impossible to hold the reception at the hospital as previously announced.

The next auction of the Lichtenberger Art Co. will take place January 28. Sale has been discontinued to arrange balance of stock. Everything will be closed out January 28.

New term in educational classes at Young Woman's Christian Association opens next week. Conservative Life Building.

Dr. J. A. Munk returned to his old office, Grand Bldg., 4th and Broadway. Fine Cabinet photos reduced to \$1.50 per dozen. Sunbeam, 226 S. Main.

There are undelivered telegrams at the office of the Western Union Telegraph Company for Kate Duggan, Mrs. Florence Crane, R. W. Evans, A. W. Grege, Louis Boelter, C. C. Condon, Laura J. Carson, Mrs. C. W. Allen, H. B. Woodard, Miss Winnifred Taylor, E. A. Cooke, John Andrews, Mary M. Alsworth, Mrs. Sarah E. Gilbert.

There are undelivered telegrams at the Postal Telegraph Cable Company, No. 238 South Spring street, for J. H. Chickens, L. L. Smyth, R. H. Lowe, S. R. Burnett and A. H. Castle.

**HANSBROUGH SENATOR.**  
BISMARCK (N. D.) Jan. 23.—The houses of the Legislature voted for United States Senator in separate session today, and H. C. Hansbrough was re-elected, receiving the unanimous vote of the members of each house.

**SUSPENDS CITY REGISTRAR.**  
ST. LOUIS, Jan. 23.—Mayor Wells today suspended from office Patrick R. Fitzgerald, the City Registrar, who is charged with corruptly contracting for city printing and binding.

**MARRIAGE LICENSES.**  
The following marriage licenses were issued yesterday from the office of the County Clerk:  
Carl A. Bloom, aged 43, a native of Sweden, and Rosie Ann Page, aged 24, a native of Canada; both residents of Los Angeles.

William E. Strong, aged 31, a native of Illinois, and Mrs. H. C. Comer, aged 28, a native of Illinois; both residents of San Francisco.  
John W. Saunders, aged 46, a native of Missouri and resident of Newhall, and Florence McFadden, aged 28, a native of Pennsylvania and resident of Terminal.  
Ernest G. Thomas, aged 25, a native of Missouri, and Frida T. Muskat, aged 28, a native of Wisconsin; both residents of Los Angeles.

Joseph C. Smith, aged 28, a native of Illinois and resident of Artesia, and Ida A. Aultman, aged 25, a native of California and resident of Norwalk.  
Homer Blaine Bell, aged 21, a native of Ohio, and Irene Frances Le Brun, aged 18, a native of California; both residents of Los Angeles.  
Frank Miller, aged 46, a native of Ohio, and Nora Breckel, aged 42, a native of Pennsylvania; both residents of Los Angeles.

Walter S. Foster, aged 34, a native of England and resident of San Francisco, and Nellie V. McFadden, aged 31, a native of Ohio and resident of Pomona.  
Irving Thompson, aged 28, a native of Minnesota, and Wilmoth Newland, aged 28, a native of Illinois; both residents of Santa Ana.

## THE PUBLIC SERVICE OFFICIAL DOINGS.

## SUMMARY OF THE DAY.

At the regular meeting of the Police Commission yesterday morning the Chief was instructed to present any evidence he can obtain of violations of the restaurant liquor license ordinance. The ordinance has been passed by the Council and the Chief is to see that it is enforced.

Charles Temple was acquitted of the charge of murder yesterday.

The supervisors passed an ordinance against social clubs.

Judge Smith sentenced Murderer Garcia to thirty-five years in prison.

Wire-tapper Matfield was fined \$10.

## AT THE CITY HALL.

**BANK OF LIQUOR PERMIT FOR RESTAURANTS.**

**POLICE COMMISSIONERS SAY THEY WILL ENFORCE LAW.**

Chief Elton Directed to Present any Evidence of Violation of the Ordinance Which He Can Discover and the Police Board Promised to do the Best.

Again yesterday the Police Commissioners wasted indignation over the restaurant liquor license ordinance. The ordinance, which was passed by the Council, is a law and the police board promised to do the best to enforce it.

Annihilation of the restaurant liquor license is a recurrent malady with the Police Commission. Every once in a while a commissioner takes a running jump and issues an ordinance which is a law and the police board promised to do the best to enforce it.

Yesterday the commissioners announced that this is to be a violent attack. It has suddenly been discovered that a number of restaurants have been violating the law by selling liquor by the drink. The police board promised to do the best to enforce it.

It has come to the attention of the police board that there are daily violations of the law. The police board promised to do the best to enforce it.

"It must be understood," said the Mayor, "that when the law is violated the license will be revoked."

"Yes," declared Keeney, "and if evidence is presented that is satisfactory to this board we will revoke the license whether the court holds the offender or not."

"And Chief, there must be no fighting," put in Mayor. "Every violation must be conducted in an orderly manner—no rowdiness, no brawls or carousing."

"There are a number of places the names of which the Chief now has which are not conducting a bona fide restaurant. They should be brought before the board."

"My list must be a long list," exclaimed Stinson.

"I don't care a bit," responded Keeney. "I hope it includes every restaurant in Los Angeles."

"We can make a stagger at it, anyway," declared Keeney, and the discussion was dropped.

## LICENSED ITEMS.

At the request of Attorney John T. Jones, the Police Commission granted permission to C. Hunsaker to change the location of his bar from No. 108 No. 17 North Main street.

To the Chief was referred an application for a transfer of the saloon and restaurant liquor license of Harry Altman to No. 139 South Broadway to the St. Louis Cafe Company.

In his own mind as to whether he was in the wrong. He declares that he had no intention of violating the ordinance requiring him to secure a permit to do just what he was doing. Contractor Daniels explains that he was working on some inside cement work around some stairs and that he did not believe he was compelled to secure a permit until he was actually going to lay the cement. He admits that material had been placed on the street, and that he may have waited too long before applying for his permit. This letter was shared by the authorities, who interpret the law to mean that a permit must be obtained from the Street Superintendent before any material is deposited on the street.

**Frank Cochran.** H. J. Dennison of Ventura has a turkey that has evolved backward, according to the owner. This turkey is covered with hair in several places. It has a peculiar gobble not at all like that of ordinary gobblers. Mr. Dennison will donate the bird to the park department in return for \$10.

**Has a Real Mine.** Friends of J. E. Scollard, who served as inspector under Street Superintendent McGuire, will be pleased to learn that he has struck it rich. Mr. Scollard has a mine in Trinity county which is said to be a real thing. He left yesterday to take personal charge of his valuable possession.

**Land Committee Trip.** Councilmen Kern, McAlister and Parish of the Land Committee, with City Engineer Stanford, spent yesterday afternoon inspecting city lands in various parts of the city.

**No Sunday Baseball.** Now that pools and race meets have been legislated out of the city a venerable-looking gentleman who desires to take the tide of reform at the foot of the city has been asked to pass an ordinance prohibiting Sunday baseball.

**AT THE COURT HOUSE.**

**JURY ACQUITS TEMPLE OF MURDER CHARGE.**

**DRAMATIC SCENE TOOK PLACE IN COURTROOM.**

Temple Wept and Clapped His Hands and His Pretty Young Wife Fairly Smothered Him With Her Kisses—Grand Jury Investigates Sepulveda Case.

In a scene of dramatic intensity, the jury acquitted Charles Temple yesterday of the charge of murdering Tom Rees.

Besides the freeing of a man standing in the shadow of the gallows, this verdict has an additional interest. It is a victory in a family feud as bitter as the Tennessee mountains ever produced.

The case was presented to the jury just after noon yesterday, and the witnesses immediately went down town to lunch. They could be seen walking along in double file, pounding their fists in the heat of their opinions.

After they came back and were locked up there was a long wait. Temple had been taken back to jail, and his wife was sitting around reading newspapers.

At last one of the relatives slid up to a newspaper reporter and began to talk about the case. His efforts to speak of it in an orderly manner were frustrated because his eyes were hungry with anxiety.

"Let's guess about the verdict," he said, with a pleading he didn't know was there.

The reporter guessed "Not guilty," and it seemed as though a crushing weight had been taken from his heart. "That's my guess, too," he said, gratefully.

"I don't care a bit," replied Keeney. "I hope it includes every restaurant in Los Angeles."

"We can make a stagger at it, anyway," declared Keeney, and the discussion was dropped.

he believes to be a detective, and approached him in the courtroom, and endeavored to dissuade him from taking the stand. He said that the evidence had no case, and was a —

**MOOSER TURNED DOWN.** MUST WHISTLE FOR PAY.

MUST WHISTLE FOR PAY. The city of San Francisco, which has nearly hypnotized the supervisors into building a palace for a County Hospital, was turned down in proper style yesterday. The trouble is there's no telling if he will stay turned down.

The board passed a resolution yesterday knocking Mooser out of the big fee he thought he was going to get for planning the six hospital buildings.

In taking the necessary precautions to head off Mooser if he goes into court, it was necessary to tread firmly on the toes of the remnants of the late lamented "Solid Three." And the remnants of the late lamented "Solid Three" emitted a loud and strenuous howl.

On the advice of the District Attorney, the following language was inserted in the resolution relating to adoption of the plans of Mooser, "presented and adopted by the members of the board."

Supervisor Patterson made a heated protest against the action which he claimed was a reflection. He said he had never been correctly represented. When the resolution throwing Mooser and his plan out, was passed, Supervisor Wilson and Patterson voted against it.

Mooser, as the winner of the prize contest for the general ground plan of the hospital, has already received \$500. In addition to this, he was to have received \$100 per month for the plan, and 5 percent on all buildings actually put up.

As Mooser has already planned six buildings, he is entitled to \$600 per month and try to collect his 5 percent commission.

One of the worst features of the middle is that Mooser's 5 percent cannot be well established. Not even an exact estimate has been made as to the cost of the buildings. The question which will come before the court if Mooser sues, will be, "What is 5 percent of 17?"

Meantime the board would be much obliged if Mooser would please bring the plans that he said he had to the board to keep them one day, and they have never been seen since.

**"SOCIAL CLUBS" DOOMED.** NEW LAW IN TEN DAYS.

The doom of the fake social club was sounded yesterday when the Board of Supervisors adopted the ordinance described in the Times.

The ordinance places social clubs on the same basis as retail liquor dealers. This will make it impossible for liquor to be sold at clubs without a license. The ordinance permits wineries to sell in quantities of one-third of a gallon, instead of a gallon, as in the present ordinance.

Wineries who come to the wineries wanting to buy wine by the bottle.

The ordinance becomes effective February 1.

**WANTON MURDERER.** GARCIA SENT TO PRISON.

For the murder of a Mexican boy in a Santa Monica cafe, Judge Smith sentenced Antonio Garcia to thirty-five years in San Quentin yesterday. Garcia is one of the very few men who have ever pleaded guilty to murder in this county.

His whole-hearted confession was probably actuated more by the tightness of the place he was in than by any virtuous desire to let the truth prevail. He was a man of no account.

**THE INFERIOR COURTS.**

**A SAMPLE AFTERNOON IN THE POLICE COURT.**

**VICTORIA WAS BEAUTIFUL, BUT GAY AND GUILTY.**

"Ten Dollars or Ten Days," said the Judge—No Room at Home for Harry Bell—When Tom Rees Goes on a Spree.

Victoria Medina, slim, big-eyed and swarthy of cheek, sat in silent meditation upon an unsympathetic bench in Judge Chambers' police court and pondered the question of her fate.

Man to tag after the evil one and the penchant of woman to misinterpret the command, "Go thou, and do likewise," Victoria wore a skirt of rosy pink, and the rubber portion of her face you knew that no more than eighteen summers had kissed her copper brow.

After the mode of the Spanish, she had draped over her head a shawl of ebony cashmere so that, falling about her shapely shoulders, the loose ends were secured nonchalantly by an arm and a hand across her breast; and out of this sable hood looked all of Victoria's face above the line of her mouth.

Victoria denied the local driving association the use of the track at Agricultural Park, compelling owners of horses stabled there to exercise the animals in the streets and preventing the holding of the driving matinee next Saturday.

"For my own protection," said Mr. Brooks last night, "I cannot allow racing of any kind on the track. I hold a lease of the park for one year for racing purposes. I cannot conduct races myself, and if I permit anyone else to run them I stand liable to lose anything I might recover by reason of the fact that racing has been barred by law and through no fault of mine. If no one is allowed to race there I have a chance, I think, to recover some of the money that I have expended, and that I will lose through the passage of the ordinance."

"I have no feeling against the Driving Association as a body," continued Mr. Brooks. "Many of the members are my friends, and I am an honorary member of the organization. It is only because my interests are jeopardized by the passage of the ordinance that I am closing the gates of the track. Naturally, the driving matinee scheduled for next Saturday cannot be run."

"When I can last year I held a lease of the park for one year for racing purposes. I cannot conduct races myself, and if I permit anyone else to run them I stand liable to lose anything I might recover by reason of the fact that racing has been barred by law and through no fault of mine. If no one is allowed to race there I have a chance, I think, to recover some of the money that I have expended, and that I will lose through the passage of the ordinance."

"Last night I went out to Agricultural Park and looked at the stalls as free as it ever has been, but horse owners and trainers are compelled to exercise their animals in the street. President Shankland of the association said that he would not have a share in the park if I removed the stalls, but I showed him that I had sent a written notice of my intention to the association, and it is to protect my interests that I have proceeded. No other reason exists."

In view of the action of Mr. Brooks in locking the gates of the park, the members of the Driving Association held a meeting at 1 o'clock yesterday afternoon and instructed President Shankland to make an investigation, which proved that the stalls were not removed.

"I do not think it possible that we can hold the driving matinee Saturday," said Byron Erbenbrecher, one of the directors of the association are concerned. He has been absolutely positive that the stalls were not removed. The members of the club may have endeavored to influence the Council in any way or another. An organization has been on the fence with regard to the controversy, taking no part in it whatever."

**IRON-WORKERS' MEETING.** Francis Murphy has a Cordial Reception at the Baker Iron Works—Finds Many Old Friends.

Francis Murphy addressed the men at the Baker Iron Works at noon yesterday, and had an enthusiastic audience of a hundred or more.

He took for his subject "The Nobility of Labor," and enlarged upon the beauty and grandeur of honest toil. He urged that those who had a part in it should not degrade it by evil habits. Nothing, he said, had done so much to degrade the noblest of trades as the habit of drinking, and he urged them to avoid the cup.

Murphy told them how he had been injured by drink and how his sole object in life was to do good and save others. He stated that he did not come to talk to them because they were drinking men, for he had been assured by the managers that they were sober and industrious, but that he wished to inspire them with the dignity of their calling and urge a still higher standard of morals.

At the close of the talk Mr. Murphy received an ovation at the hands of the men, and it proved that the larger portion of them had met him years ago in the East. Among them was one who signed the pledge with him twenty years ago at Frankfort, Ky., and he declared he had never broken it.

## LOCAL SPORTING RECORD.

**FAULT WITH HARNESS MEN.**

Brooks Says Ordinance is of Their Making.

Boss Driving Association from the Race Track.

Saturday Matinee Would Cause Loss on His Lease, He Says.

The "bug" in the passage of the poolroom ordinance has been discovered by Manager J. W. Brooks of the Los Angeles Jockey Club. He says that individuals members of the Driving Association engineered the movement that has made the holding of a race meet impossible. To them, he says, is due the failure of the Council to exempt local racing from the provisions of the ordinance, and he alleges that professional harness men have brought on the difficulty in an endeavor to make the racing meeting unprofitable.

In consequence of his discovery Mr. Brooks has denied the local driving association the use of the track at Agricultural Park, compelling owners of horses stabled there to exercise the animals in the streets and preventing the holding of the driving matinee next Saturday.

"For my own protection," said Mr. Brooks last night, "I cannot allow racing of any kind on the track. I hold a lease of the park for one year for racing purposes. I cannot conduct races myself, and if I permit anyone else to run them I stand liable to lose anything I might recover by reason of the fact that racing has been barred by law and through no fault of mine. If no one is allowed to race there I have a chance, I think, to recover some of the money that I have expended, and that I will lose through the passage of the ordinance."

"I have no feeling against the Driving Association as a body," continued Mr. Brooks. "Many of the members are my friends, and I am an honorary member of the organization. It is only because my interests are jeopardized by the passage of the ordinance that I am closing the gates of the track. Naturally, the driving matinee scheduled for next Saturday cannot be run."

At the close of the talk Mr. Murphy received an ovation at the hands of the men, and it proved that the larger portion of them had met him years ago in the East. Among them was one who signed the pledge with him twenty years ago at Frankfort, Ky., and he declared he had never broken it.

No more cordial reception has been accorded Mr. Murphy since he came to Los Angeles than that he received yesterday, and none that he appreciated more.

**Meeting at Chamber of Commerce.** Yesterday Well Attended by State's Representative. Ajarists—Plan to Control Output of Whole State.

The new California-National Honey Producers' Association held its meeting for the perfection of its organization and adoption of its constitution yesterday at the Chamber of Commerce.

The bylaws, as prepared by the committee, were carried with scarcely a dissenting voice. The permanent officers were: G. W. Brodbeck of Los Angeles, president; George L. Emerson of Santa Ana, secretary; M. H. Mendelsohn of Ventura, vice-president; L. S. Emerson of Santa Ana, treasurer. The directors are Messrs. Brodbeck, Mendelsohn, G. L. Emerson, L. S. Emerson and Mercer of Los Angeles.

The California-National Association yesterday received members who hold about 100,000 colonies of bees. The members of the association are pledged to bring to market during an average year 500 tons of honey. A vigorous campaign has been inaugurated to increase the production of honey.

Already letters have been received from the Central California Association, from Idaho bee men and from individual producers all over the State. Those most interested in the movement are the makers of honey.

This is the first time that the stock book has been open for subscription, but yesterday growers were pledged who will bring to market during an average year 500 tons of honey. A vigorous campaign has been inaugurated to increase the production of honey.

**25c and 35c Japanese Cups and Saucers 15c.**  
The finest and largest assortment of egg shell Japanese cups and saucers ever brought to this city. They are our own direct importation but recently received and were purchased by our Mr. Hamburger at the factory in Japan while on his Oriental trip. They are in most exquisite shapes and decorations and are simply matchless elsewhere under 25c and 35c. For the one day only, none to dealers and no telephone orders filled, price, **15c**.  
THIRD FLOOR.

# Hamburger's Yearly Cleanup Sale

Store Opens 8:30 a. m., Closes 5:30 p. m. (Saturday 10 p. m.)

## A Carnival of Bargains from Which to Choose

Not the effort of an amateur to court favor—but the natural sequence of modern merchandising by a long established mercantile corporation which has experienced the greatest year's business in its history; and now at the end of that year finds thousands of dollars are wrapped up in odd lots and broken lines, necessitating a Cleanup Sale where profit taking is at a minimum. Fix one idea thoroughly in your mind—this sale is one of merit, and as an opportunity offered you to save money on almost every article for personal adornment or for home decoration, is not possible of duplication by any other local retail house. Don't miss it. Tell your neighbors about it. Come early and often, for fresh consignments of choice merchandise are put forward almost hourly. The store is crowded with shrewd buyers from all over Southern California. Plenty of salespeople to wait upon you promptly and intelligently. Hamburger's is the store that does things and is the "Safest Place to Trade," for "What Others Advertise They Sell For Less."

**Boys' \$10.00 Suits at \$5.00.**

A clearance of Boys' Wool Suits which have now to now up to \$10.00. These suits are in Russian sailor, middie and Norfolk styles in those in ages 8 to 16 regulation double breasted and knee pants. They are well made, good line of cut and patterns and are our Cleanup Sale **\$5.00** choice.  
SECOND FLOOR.

### Cleanup Sale Bedding.

Featuring Blankets and Comforters.

Look through your bedding supply and see if you can not use one or two extra pieces since this sale gives you such a nice chance to save from one fourth to one third of what you would have to pay regularly. It certainly will be to the advantage of persons who have rooming houses to investigate and supply yourself with as many of these choice items as possible.

**18-QUARTER WOOL MIXED BLANKET**—See grade, soft finished; neatly trimmed with wide silk binding; have sold up to now at \$9.50. Cleanup Sale price per pair **\$1.69**  
**11-QUARTER WOOL BLANKET**—Full 8 lbs. to the pair; choice selections of fancy borders; very soft and finished with wide silk binding, sold up to now at \$4.50. Cleanup Sale price a pair **\$2.98**

**CROCHETED QUILTS**—Marcella pattern; extra large size; finely finished; never sold under \$1.50. Cleanup Sale price each **\$1.19**  
FOURTH FLOOR.

### Cleanup Sale Black and Fancy Silks

As blacks are serviceable at all seasons and for all occasions, you never make a mistake in purchasing; also as fancy silks are so much used for waists and trimmings, the pretty weaves of this season have never been equaled. When you consider the extraordinary wear which can be derived from silks, you cannot be considered extravagant to wear them, especially when you can purchase them at a sale like this so much under regular price.

**10-INCH BLACK TAFFETA**—A handsome imported weave; soft, crisp quality; free from dressing; Swiss finished and strictly pure silk; has sold up to now at 89c. Cleanup Sale price, per yard **50c**  
**\$1.00 AND \$1.50 PLAIN AND FANCY SILKS**—An assortment of several thousand yards, including 24-inch wash Taffetas, 24-inch Foulards, 20-inch Louisines, fancy lace and corded stripes Taffetas, fancy stripe Foulards, black Moire Velours with small polka dots and figures, and other black silks in fancy lace and corded stripes. Values from \$1.00 to \$1.50. Priced for our Cleanup Sale, choice per yard **69c**  
**\$1.00 38-INCH BLACK TAFFETAS**—about 500 yards only in the lot. It is a rich lustrous black, Swiss finished silk; crisp quality; strictly pure silk; full 38 inches wide and an actual \$1.00 value; equally serviceable for waists, skirts, petticoats and linings. Cleanup Sale price, per yard **79c**  
**\$1.00 AND \$3.00 FANCY SILKS**—Imported novelties such as satin stripe Foulards, embroidered and corded Taffetas, printed wavy Louisines and Taffetas, printed satin Libertes, plaid Taffetas and others; widths from 31 to 34 inches and values from \$1.00 to \$3.00. Cleanup Sale price, per yard **89c**  
**\$1.00 Scotch Wool Waistings at 49c.** Several thousand yards of an exceptionally fine grade imported Scotch Wool Waistings—all the new light colors in fancy stripes and mixtures; also plain stripe effect and printed wavy and Scotch stripes. Pure wool; 27 inches and an actual \$1.00 value. Cleanup Sale price, per yd. **49c**

### 50-piece Dinner Set at \$4.19.

50-piece Dinner Set of best domestic Porcelains; warranted not to crack; decorations are dark green floral spray on fancy shape. This is an open stock pattern and any extra pieces can be supplied. As a leader for our Cleanup Sale we price this 50-piece set at **\$4.19**  
THIRD FLOOR

### \$1.00 Imported Henrietta, 49c

This is one of the best values in colored dress goods in our Cleanup Sale. There are a good range of shades and patterns; printed on light and dark grounds of best quality Henrietta and are large and small figures. Persian patterns and designs, roses and others. They are pure wool, 38 inches wide and sold up to now at \$1.00. Cleanup Sale price per yard **49c**

### Cleanup Sale Children's Garments.

Do you know that we have the most up to date and costliest department for mothers who want to bring their children with them to shop, to be found in the city? It is on the second floor away from the rest of the store and baby can be looked after and at the same time you can shop with ease. Now at the end of its first season we will have a Cleanup Sale of a number of garments the lines of which have become broken and prices will be way down.

**CHILDREN'S 45 COATS**—Large assortment of colors; made with or without capes; fur or broad trimmed. There are just 150 in the lot and have sold up to now at from \$3.50 to \$5.00. Cleanup Sale price, choice **\$1.50**  
**INFANTS' CAMBRIC DRESSES**—A lot of just 50 in sizes 6 months to 3 years. They are prettily trimmed with laces and embroideries and have sold all the way from 98c to \$1.20, but are now priced for a general Cleanup at just **One-half**  
**INFANTS' LONG SLIPS**—Elaborately trimmed top and bottom with dainty laces or embroideries. This is an assortment of values ranging from 98c to \$3.00. All priced for our Cleanup Sale at choice. **One Half**  
**CHILDREN'S FLANNELETTE SLEEPING GARMENTS**—A lot of 50 dozen in sizes 2 to 8 years. They are made with feet and have sold up to now at \$1.00. Cleanup Sale price **39c**  
SECOND FLOOR.

### \$2.00 Flannelette Wrappers at \$1.50.

A finer grade Flannelette Wrapper in handsome Persian patterns. The material is an extra heavy quality; good colorings; well made; ample proportions and perfect fitting. They are regular \$2.00 values. Cleanup Sale price **\$1.50**  
SECOND FLOOR.

### Women's 59c Outing Flannel Gowns, 39c.

For today only we place on sale 100 dozen Outing Flannel Gowns made with square yoke; trimmed with finishing braid. They are in good colorings; fancy striped patterns; are well made; ample proportioned and sell regularly at 59c. Cleanup Sale price **39c**  
SECOND FLOOR.

### 98c Cambric Drawers at 48c.

A lot of 50 dozen Fine Cambric Drawers with Lawn ruffles; trimmed with lace insertion and edging to match; the kind which sells regularly at 98c. Priced for our Cleanup Sale at choice **48c**  
SECOND FLOOR.

### Men's \$12.00 Suit or Overcoat, \$6.95.

As a special feature of our Cleanup Sale we offer an exceptionally large assortment of Men's Fine All Wool Suits in Cassimeres, Cheviots, Worsted and Tweeds in single breasted sack style; also overcoats of Melton, Cheviot or Kersey Cloths in dark mixtures, Oxford and tans. These have velvet collars and Raglan cuffs. There are all sizes both in suits and overcoats and they have sold up to now at \$10 and \$12. Cleanup price as a Wednesday leader, choice **\$6.95**

### \$1.50 Copyright Novels, 75c.

A choice assortment of Copyrighted Novels by well known authors; all good titles; were published to sell at \$1.50. This is an opportunity to fill your library, as they are priced for our Cleanup Sale at per volume **75c**

### 25c Box Stationery, 10c.

An assortment of 8000 boxes of Stationery, each containing 24 sheets and 24 envelopes of an extra quality paper. They have sold up to now at 20c and 25c. Cleanup Sale price choice per box **10c**

### Sheet Music per Copy, 5c.

Every broken line or odd lot of sheet music in our stock which has been published to sell at 50c and which we have sold up to now at 21c, will be included in our great Cleanup Sale at choice per piece **5c**

### Cleanup Sale Wool

For general street wear and for business women's purposes shirt waists have attained a popularity which is permanent. As you can purchase these ready made in very latest styles, all well finished and perfect fitting, in hardly pays to buy the material and have the trouble of having them cut and fitted by the dressmaker, particularly so as these Cleanup Sale prices will afford you such an opportunity to buy two waists at about what you would usually pay for one.  
**\$1.50 WOOL WAISTS**—A lot of 75 dozen all wool flannel waists in blue, red, gray or black; prettily trimmed with braid; Cleanup Sale price **98c**  
**\$5.00 FLANNEL WAISTS**—solid colors; all shades and black; made to the down side or front; finished with pearl buttons. Cleanup Sale price **\$2.50**  
**FINE FLANNEL WAISTS**—plain, seam styles. They are all in good colorings; also black; have sold regularly at \$2.50. Cleanup sale price **\$1.25**  
**\$2.00 ALL WOOL FLANNEL WAISTS**—in stripe patterns, all desirable shades and in all sizes. Cleanup Sale price **\$1.00**  
SECOND FLOOR.

### Cleanup Sale Go-carts.

In this delightful climate when baby can be out of doors at most times a pretty buggy or go-cart is just what is needed and we now offer you the best opportunity of the season to purchase one of these necessities. Prices have been reduced one-third and more and we are satisfied that at the regular prices they cannot be matched in the city; so present prices make them absolutely below competition. We feature the following lines for this week's selling:

**RATTAN GO-CART**—steel spring; patent foot brake; exceptionally strong; have sold up to now at \$4.25. Cleanup Sale price **\$2.98**  
**ALL RATTAN GO-CARTS**—elegantly upholstered cushions; enameled gearing; rubber tired wheels; have sold up to now at \$12.50. Cleanup Sale price **\$9.98**  
**ALL RATTAN GO-CART**—removable satin Damask covered cushions; enameled gearing; rubber tired wheels; ruffled satin parasol; has sold up to now at \$17.50. Cleanup Sale price **\$12.95**  
THIRD FLOOR.

### Two Glove Specials.

A pair of gloves is necessary to prevent your hands from chapping at this season of the year. Our glove department is second to none on the coast and our prices, quality considered, are below competition.

**Ladies' 3-clasp Kid Gloves**—black, white and colors; 3-finger lengths; prettily embroidered in black, white and self; warranted and fitted; regular \$1.50 value. Cleanup Sale price **\$1.15** per pair.  
**La Maseno Kid Gloves**—all the new shades; Paris Point and 2-tone embroidery. These are our own importation and are superior to any \$2.00 value elsewhere in the city. Price, **\$1.50** per pair.

## HAMBURGER'S UNDER PRICE BASEMENTS

The popularity of this new department is being thoroughly demonstrated. It is a store in itself. Its salient features are "first quality merchandise at under-value prices." No article will be offered for sale in this department that is not priced lower than it was made to sell for. It will be the clearing house for all broken lines and odd lots from our regular stocks; also the home of all special lots picked up by our buyers in the wholesale markets which are purchased much under regular.

**35c Window Shades**—spring rollers; good width and length. Sale price **19c**  
**Real India Cushion Covers**—pretty patterns; good colorings; covers regularly at 15c. Sale price **11c**

**25c Torchon Laces**—white and colors, 12 yards to the piece. Priced at per piece **10c**  
**15c Torchon and Point de Paris laces**. Sale price per yard **5c**  
**25c Torchon Laces**—white and colors, 12 yards to the piece. Priced at per piece **10c**  
BASEMENT

### Cleanup Sale Suit Cases

If you do any traveling at all and are a little particular about not musing your personal effects, there is not anything which quite so well answers the purpose as a suit case. Perhaps the price hereof has prevented you from securing one, but as they are really essential to your peace of mind when visiting, just step in this week and look over the following lines which we are giving clearance prices.

**34-INCH BUFFALO SUIT CASE**—a handsome case; solid leather corners; brass rivets; patent snap lock; leather straps in body and lid of case. Values from \$10.00 to \$15.00. Cleanup Sale price **\$8.00**  
**34-INCH LEATHER SUIT CASE**—Well made, solid leather; polished brass lock and catches; brass rivets; leather straps in body and lid of case. Values from \$10.00 to \$15.00. Cleanup Sale price **\$8.00**  
**SQUARE DOUBLE WILLOW CLOTHES HAMPER**—bamper, strongest article manufactured and of lightest weight; has willow top and handles and wood bottom, the regular price is \$4.00. Cleanup Sale price **\$2.50**  
THIRD FLOOR.

### Cleanup Sale Towels

An article of daily household use and which every housewife feels the necessity of having supply. It is also a matchless opportunity for rooming houses and hotels to fill their lines, for such prices we do not think have been offered in this city.

**BLEACHED TOWELS**—One case of soft finished bleached towels; fringed ends. Sale price **61c** each.  
**27x54-INCH TOWELS**—Full bleached; neatly fringed; good quality cotton; very absorbent; 100 dozen in the lot. Sale price, each **12c**  
**TURKISH BATH TOWELS**—bleached; fringed ends; very heavy and good size. Sale price, each **12c**  
**BEDROOM TOWELS**—fine Damask or fringed or hemmed; bleached; a good quality; up a number of lines, priced at **12c**
